

## 2011 FRANKLIN TOWNSHIP LEAF COLLECTION PROGRAM

**SPONSORED BY:  
FRANKLIN TOWNSHIP TRUSTEES**

The Franklin Township Trustees are pleased to continue the expanded **Vacuum Leaf Collection Service** for Fall 2011. Leaves do not need to be bagged for collection. Residents should rake leaves to the curbside and a special Leaf Vacuum crew will visit each neighborhood twice between October 24th and December 2nd.

Please rake your leaves to the roadside **before 7:00 am on the Monday** of your collection week. Please make sure that your leaf piles are neat and accessible from the road. Parked cars, deep ditches and hedges kept us from reaching some piles last year. Also keep sticks, brush, branches, rocks, wood and dirt out of your leaves. Please keep brush and branches to be chipped separate from leaves.

ABC Landscaping will be providing the Leaf Vacuum Service this fall. For questions or problems, please contact Gary at ABC Landscaping during regular office hours, Monday - Friday, at 330-677-0080.

**Note: The week of Nov 7 will be the last week for chipping.**

Thank you for your cooperation!  
Keith Benjamin, Gary Falstad, Mark Beckwith

### **JUST A REMINDER:**

Please place your loose piles of leaves (**leaves only, please**) at least 3 to 4 feet of the curb **no later than 7:00 am Monday** on your scheduled pick up week to ensure collection. Please do not place piles of leaves on bike/hike paths. The driver will vacuum your leaf piles into a special leaf collection trailer.

This program is funded by your recycling fees.
